

LME coronavirus update as of March 10

- We are currently taking all necessary precautionary steps with regard to the continued spread of coronavirus to protect the health and safety of all staff and customers, which include a split-team arrangement for LME employees. Based on feedback from Ring members, the Ring continues to function from London, with specific measures in place to ensure that this is effectively managed alongside our split-team policy.
- Contingency plans for the Ring are dependent on exact circumstances but could include the relocation of the Ring to our recovery site in Chelmsford or, if necessary, switching from Ring-based to electronic price discovery. We continue to monitor the situation and will keep the market informed of any next steps.
