

RegTech for Global Trade Surveillance & Market Risk

in Capital Markets

Eventus Systems is a leading global provider of multi-asset class **trade surveillance** and **market risk solutions**. Our powerful, award-winning Validus platform is **easy to deploy, customize and use** and is proven in the **most complex, high-volume and real-time environments**.

Powerful

Combining deep industry knowledge with high-performance computing, Validus provides trade surveillance, compliance and market risk solutions built for the most complex, high-volume and real-time environments.

Proven

With over 60 clients including firms like Credit Suisse and RJ O'Brien, Eventus has proven its ability to meet the requirements of the most sophisticated firms.

Easy-to-Use

Validus is easy to tailor and use with multiple deployment options and hundreds of ready-to-use technology integrations and customizable procedures.

Responsive

Whether it's providing additional training, delivering new product enhancements, supporting a client's regulatory inquiry or adding a new market, Eventus' responsiveness to its clients' needs is second-to-none.

Trusted by 60+ Clients

Including Tier-1 banks, brokerages, FCMs and clearing firms, trading firms, market centers, buy-side firms and corporates.

"Eventus offers us an outstanding system with great market coverage. Validus has been very easy to implement, and its staff has worked with us to ensure the technology promotes cost and time efficiencies while addressing matters of interest to regulators."

— Sandra McCarthy, Chief Compliance Officer for the FCM Division of INTL FCStone Financial Inc
