FIA LAW & COMPLIANCE DIVISION CONFERENCE
ON THE REGULATION OF FUTURES, DERIVATIVES AND OTC PRODUCTS

CONFERENCE PROGRAM

MAY 2-4, 2018
Omni Shoreham Hotel
Washington, DC
Dear L&C Attendee,

It is my distinct privilege to welcome you to the 40th Annual FIA Law and Compliance Division Conference on the Regulation of Futures, Derivatives and OTC Products. This 40th Anniversary is a significant milestone from which we look back at all we have accomplished together to make our markets strong, safe and innovative. The work we have done together is the foundation as we look forward to building the future.

This year, as industry participants and regulators alike wrestle with the cross-border implications of legislative and regulatory initiatives, blockchain and virtual currencies challenge us to consider the next wave of innovation to break across our industry. FIA’s L&C conference steering committee has created a comprehensive program targeted to recap recent regulatory initiatives and inform you about current industry issues and near-horizon developments that not only capture our imagination, but may provide new paradigms for efficient business. We hope you find the panels and the conference materials helpful and educational.

On behalf of the FIA L&C Division and all of its members, we hope your experience at the Omni Shoreham in Washington D.C. will exceed your expectations. Please do not hesitate to give us your feedback so that this conference can continue to meet your needs.

Sincerely,

Tammy Botsford
President
FIA Law & Compliance Division
