Dear Sirs,

FOA netting opinion issued in relation to the FOA Netting Agreements, FOA Clearing Module and ISDA/FOA Clearing Addendum

You have asked us to give an opinion in respect of the laws of the Commonwealth of The Bahamas ("**this jurisdiction**") in respect of the enforceability and validity of the FOA Netting Provision, the Clearing Module Netting Provision and the Addendum Netting Provision contained in a FOA Netting Agreement or a Clearing Agreement.

We understand that your fundamental requirement is for the enforceability of the FOA Netting Provision, the Clearing Module Netting Provision and the Addendum Netting Provision to be substantiated by a written and reasoned opinion. Our opinions on the enforceability of the FOA Netting Provision, the Clearing Module Netting Provision and the Addendum Netting Provision is given in paragraph 3 of this opinion letter.

Further, this opinion letter covers the enforceability of the FOA Set-Off Provisions, the Clearing Module Set-Off Provision, the Addendum Set-Off Provision and the Title Transfer Provisions.

1. TERMS OF REFERENCE AND DEFINITIONS

1.1 Subject as provided at paragraph 1.2, this opinion is given in respect of:

- 1 -

NASSAU OFFICE

A Partnership governed by the laws of The Bahamas

- 1.1.1 persons which are companies (including financial institutions, i.e. banking /credit institutions, investment firms and broker-dealers) incorporated, formed or registered in The Bahamas under the Companies Act, 1992 ("the CA"). [Note: "domestic" companies incorporated prior to 1992 are also registered under the CA]; and
- 1.1.2 companies (including hedge and pension funds) incorporated or formed in The Bahamas under the International Business Companies Act, 2000 ("the IBCA") [Note: international business companies incorporated prior to 2000 are also registered under the IBCA].
- 1.1.3 branches in this jurisdiction of foreign banks and other corporations registered under the provisions of the CA.

Items 1.1.1 and 1.1.2 are hereinafter collectively referred to as a Bahamian Company.

This opinion does not specifically address (a) individuals, (b) trusts and (c) public bodies including municipalities.

It should be noted that banks, insurance companies and securities dealers are regulated under the laws of The Bahamas, and not incorporated or formed under separate legislation. For example there is no specific legislation that mandates the incorporation of a bank under Bahamian law. Such an entity would be incorporated under CA and be subject to the regulations imposed by the Banks and Trust Companies Regulations Act, 2000 as amended to carry on banking business. Investment funds may be Bahamian companies, or partnerships but are usually companies incorporated under the IBCA. Insurance companies, banks and branches of foreign banks, other corporations and securities dealers are normally companies incorporated or registered under the CA.

- 1.2 This opinion is also given in respect of Parties that are any of the following, subject to the terms of reference, definitions, modifications and additional assumptions and qualifications set out in the applicable Schedule:
 - 1.2.1 Exempted Limited Partnerships (Schedule 1);
 - 1.2.2 Segregated Accounts Companies (Schedule 2);
- 1.3 This opinion is given in respect of the FOA Netting Agreement and the Clearing Agreement when the Netting Agreement and the Clearing Agreement are expressed to be governed by English law.
- 1.4 This opinion covers all types of Transactions.

1.5 This opinion is given in respect of only such of those Transactions which are capable, under their governing laws, of being terminated and liquidated in accordance with the FOA Netting Provision, the Clearing Module Netting Provision or, as the case may be, the Addendum Netting Provision.

1.6 In this opinion, references to the word "**enforceable**" and cognate terms are used to refer to the ability of a Party to exercise its contractual rights in accordance with their terms and without risk of successful challenge. We do not opine on the availability of any judicial remedy.

1.7 **Definitions**

Terms used in this opinion letter and not otherwise defined herein shall have the meanings ascribed to them in the FOA Netting Agreement or the Clearing Agreement, unless the context specifies otherwise. Where, in an FOA Netting Agreement or, as the case may be, a Clearing Agreement, a defined term has been changed but the changed term corresponds to a term defined in a FOA Published Form Agreement or, as the case may be, the FOA Clearing Module and/or the ISDA/FOA Clearing Addendum, or this opinion letter, this opinion letter may be read as if terms used herein were the terms as so changed.

1.7.1 The counterparty type specified in paragraph 1.1.1 shall be referred to as a Domestic Company and the counterparty type specified in paragraph 1.1.2 shall be referred to as an IBC. These Parties shall each be called "**Bahamian Companies**".

1.7.2 "**Insolvency Representative**" means a liquidator, administrator, administrative receiver or analogous or equivalent official in this jurisdiction;

1.7.3 "**Insolvency Proceedings**" means the procedures listed in paragraph

1.7.4 "**FOA Member**" means a member (excluding associate members) of the Futures and Options Association which subscribes to the Futures and Options Association's Netting Analyser service (and whose terms of subscription give access to this opinion); and

1.7.5 A reference to a "**paragraph**" is to a paragraph of this opinion letter.

Annex 3 contains further definitions of terms relating to the FOA Netting Agreement and the Clearing Agreement.

2. ASSUMPTIONS

We assume:

- 2.1 That no provision of the FOA Netting Agreement or Clearing Agreement that is necessary for the giving of our opinions and advice in this opinion letter has been altered in any material respect, including by reason of a Mandatory CCP Provision. In our view, an alteration contemplated in Part 2 (*Non-material Amendments*) of Annex 4 hereto would not constitute a material alteration for this purpose. We express no view whether an alteration not contemplated in Part 2 (*Non-material Amendments*) of Annex 4 hereto would or would not constitute a material alteration.
- 2.2 That the FOA Netting Agreement or, as the case may be, the Clearing Agreement, and the Transactions are legally binding and enforceable against both Parties under their governing laws.
- 2.3 That each Party has the capacity, power and authority under all applicable law(s) to enter into the FOA Netting Agreement or, as the case may be, the Clearing Agreement, and the Transactions; to perform its obligations under the FOA Netting Agreement or, as the case may be, the Clearing Agreement, and the Transactions; and that each Party has taken all necessary steps to execute, deliver and perform the FOA Netting Agreement or, as the case may be, the Clearing Agreement.
- 2.4 That each Party has obtained, complied with the terms of and maintained all authorizations, approvals, licences and consents required to enable it lawfully to enter into and perform its obligations under the FOA Netting Agreement or, as the case may be, the Clearing Agreement, and the Transactions and to ensure the legality, validity, enforceability or admissibility in evidence of the FOA Netting Agreement or, as the case may be, the Clearing Agreement in this jurisdiction.
- 2.5 That the FOA Netting Agreement or, as the case may be, the Clearing Agreement is entered into prior to the commencement of any Insolvency Proceedings against either Party.
- 2.6 That no provision of the FOA Netting Agreement or, as the case may be, the Clearing Agreement, or a document of which the FOA Netting Agreement or, as the case may be, the Clearing Agreement forms part, or any other arrangement between the Parties, or any Mandatory CCP Provision, constitutes an Adverse Amendment.

- 2.7 The FOA Netting Agreement or, as the case may be, the Clearing Agreement has been entered into, and each of the Transactions referred to therein is carried out, by each of the parties thereto in good faith, for the benefit of each of them respectively, on arms' length commercial terms so that no element of a gift or an undervalue from one Party to another was involved without any intention of the former Party to prefer the latter Party in the event of the former Party's going into insolvency and for the purpose of carrying on, and by way of, their respective businesses.
- 2.8 That the FOA Netting Agreement or, as the case may be, the Clearing Agreement accurately reflects the true intentions of each Party.
- 2.9 That the obligations assumed under the FOA Netting Agreement or, as the case may be, the Clearing Agreement, and the Transactions are 'mutual' between the Parties, in the sense that the Parties are each personally and solely liable as regards obligations owing by it to the other Party and solely entitled to the benefit of obligations owed to it by the other Party.
- 2.10 In relation to the opinions set out at paragraphs 3.8 and 3.9 only, that each form of Insolvency Proceeding respectively constitutes a Firm Trigger Event or a CM Trigger Event under the relevant Rule Set.
- 2.11 That each Party, when Transferring Margin pursuant to the Title Transfer Provisions, has full legal title to such Margin at the time of Transfer, free and clear of any lien, claim, charge or encumbrance or any other interest of the transferring party or of any third person (other than a lien routinely imposed on all securities in a relevant clearance or settlement system).
- 2.12 That all Margin Transferred pursuant to the Title Transfer Provision is freely transferable and all acts or things required by the laws of this or any other jurisdiction to be done to ensure the validity of each Transfer of Margin pursuant to the Title Transfer Provisions will have been effectively carried out.
- 2.13 That any cash provided as Margin is in a currency that is freely transferable internationally under the laws of all relevant jurisdictions.
- 2.14 That a company formed under the IBCA conducts its operations exclusively overseas.
- 2.15 That, in relation to a Clearing Agreement, a party incorporated in this jurisdiction will not act as "Firm" (as defined in the FOA Clearing Module) or Clearing Member" as defined in the ISDA/FOA Clearing Addendum).

- 2.16 That, in relation to a Clearing Agreement, a party incorporated in this jurisdiction which acts as a "Firm" (as defined in the FOA Clearing Module) or "Clearing Member" (as defined in the ISDA/FOA Clearing Addendum) will be (a) a clearing member in respect of any Agreed CCP Service to which the Clearing Agreement relates, and (b) will be a company, bank, investment firm, partnership or insurance company.

3. **OPINION**

On the basis of the foregoing terms of reference and assumptions and subject to the qualifications set out in paragraph 4 below, we are of the following opinion.

3.1 **Insolvency Proceedings**

The only bankruptcy, composition, rehabilitation (e.g. liquidation, administration, receivership or voluntary arrangement) or other insolvency laws and procedures to which a Party would be subject in this jurisdiction are the following:

Voluntary winding up of a Bahamian Company;

Compulsory winding up by the Court of a Bahamian Company;

Receivership of a Bahamian Company; and

Voluntary dissolution of a Bahamian Partnership.

The legislation applicable to Insolvency Proceedings is:

- (i) In relation to voluntary winding up, the provisions of section 211 and 212 of the CA and section 131 and 132 of the IBCA, 2000 in respect of Bahamian Companies;
- (ii) In relation to compulsory winding up under supervision of the court, section 186 of the CA in respect of Bahamian Companies;
- (iii) In relation to voluntary winding up under supervision of the court, the provisions of section 225 of the CA in respect of Bahamian Companies;

- (iv) In relation to receivership, the provisions of section 144 of the CA and section 164 of the IBCA (applying the provisions of the CA) in respect of Bahamian Companies; and

The Fraudulent Dispositions Act, 1991 is also relevant in respect of Bahamian Companies.

We confirm that the commission by a Bahamian Company or Bahamian Partnership of any events of default under the Agreement could be regulated by one or other of the Insolvency Proceedings.

Subject to the fact that construction is a matter of the governing law on which we are not qualified to opine we confirm that the Insolvency Proceedings set out in paragraph 3.1 above adequately refer to all Insolvency Proceedings without the need for any additions, except that there is a provision for a receiver/manager under section 164 of the IBCA, however this does not affect the conclusions reached in this opinion.

We confirm that the events specified in the Insolvency Events of Default Clause adequately refer to all Insolvency Proceedings, without the need for any additions.

3.2 Recognition of choice of law

3.2.1 The choice of English law to govern the FOA Netting Agreement or, as the case may be, the Clearing Agreement will be recognised in this jurisdiction even if neither Party is incorporated or established in England.

3.2.2 An Insolvency Representative or court in this jurisdiction would have regard to English law, as appropriate, as the governing law of the FOA Netting Agreement or, as the case may be, of the Clearing Agreement, in determining the enforceability or effectiveness of the (i) FOA Netting Provision and the FOA Set-Off Provision or, as the case may be, of the Clearing Module Netting Provision and/or the Addendum Netting Provision, and the Clearing Module Set-Off Provision and/or the Addendum Set-Off Provision, and (ii) the Title Transfer Provisions.

3.3 Enforceability of FOA Netting Provision

In relation to an FOA Netting Agreement, or in relation to a Clearing Agreement where the Defaulting Party acts as Client, the FOA Netting Provision will be immediately (and without fulfilment of any further conditions) enforceable in accordance with its terms so that, following an Event of Default, including as a result of the opening of any Insolvency Proceedings:

- 3.3.1 the Non-Defaulting Party would be entitled immediately to exercise its rights under the FOA Netting Provision; and
- 3.3.2 the Non-Defaulting Party would be entitled to receive or obliged to pay only the net sum of the positive and negative mark-to-market values of individual Transactions.

We are of this opinion because:

We believe that the contractual rights of termination and rescission set out in the FOA Netting Provisions would be enforceable under Bahamian law in the event of an Event of Default including as a result of the opening of any Insolvency Proceedings in respect of a Bahamian Company or Bahamian Partnership.

Insofar as it concerns Bahamian Companies:-

Section 236 of Companies (Winding Up Amendment) Act 2011 provides that:

- “(1) Subject to subsection (2), the property of the company shall be applied in satisfaction of its liabilities *pari passu* and subject thereto shall be distributed amongst the members according to their rights and interests in the company.
- (2) The collection in and application of the property of the company referred to in subsection (1) is without prejudice to and after taking into and giving effect to the rights of preferred and secured creditors and to any agreement between the company and any creditors that the claims of such creditors shall be subordinated or otherwise deferred to the claims of any other creditors and to any contractual rights of set-off or netting of claims between the company and any person or persons (including without limitation any bilateral or any multi-lateral set-off or netting arrangements between

the company and any person or persons) and subject to any agreement between the company and any person or persons to waive or limit the same.”

The International Business Companies (Winding Up Amendment) Act, 2011 contains identical provisions; by virtue of section 89 of the International Business Companies (Winding Up Amendment) Act, 2011, the above-reproduced provisions apply *mutatis mutandis* to the winding up of companies incorporated or formed in this jurisdiction under the International Business Companies Act, 2000.

Further, there is no rule of the laws of this jurisdiction which would impose a moratorium or stay which would prevent, delay or otherwise affect the exercise of such rights by the Non-Defaulting Party.

No amendments to the FOA Netting Provision are necessary in order for the opinions expressed in this paragraph 3.3.1 to apply.

3.4 **Enforceability of the Clearing Module Netting Provision**

In relation to a Clearing Agreement which includes the Clearing Module Netting Provision, the Clearing Module Netting Provision will be immediately (and without fulfilment of any further conditions) enforceable in accordance with its terms so that, following (i) a Firm Trigger Event or (ii) a CCP Default, the Parties would be entitled to receive or obliged to pay only the net sum of the positive and negative mark-to-market values of the relevant individual Client Transactions that are terminated in accordance with the Clearing Agreement.

We are of this opinion because: we believe that the contractual rights of termination and rescission set out in the Clearing Agreement which includes the Clearing Module Netting Provision would be immediately enforceable under Bahamian law in the event of (i) a Firm Trigger Event or (ii) a CCP Default in respect of a Bahamian Company or Bahamian Partnership.

Insofar as it concerns Bahamian Companies:-

Section 236 of Companies (Winding Up Amendment) Act 2011 provides that:

- “(1) Subject to subsection (2), the property of the company shall be applied in satisfaction of its liabilities *pari passu* and subject thereto shall be distributed amongst the members according to their rights and interests in the company.
- (2) The collection in and application of the property of the company referred to in subsection (1) is without prejudice to and after taking into and giving effect to the rights of preferred and secured creditors and to any agreement between the company and any creditors that the claims of such creditors shall be subordinated or otherwise deferred to the claims of any other creditors and to any contractual rights of set-off or netting of claims between the company and any person or persons (including without limitation any bilateral or any multi-lateral set-off or netting arrangements between the company and any person or persons) and subject to any agreement between the company and any person or persons to waive or limit the same.”

The International Business Companies (Winding Up Amendment) Act, 2011 contains identical provisions; by virtue of section 89 of the International Business Companies (Winding Up Amendment) Act, 2011, the above-reproduced provisions apply *mutatis mutandis* to the winding up of companies incorporated or formed in this jurisdiction under the International Business Companies Act, 2000.

Further, there is no rule of the laws of this jurisdiction which would impose a moratorium or stay which would prevent, delay or otherwise affect the exercise of rights under the Clearing Module Netting Provision.

No amendments to the Clearing Module Netting Provision are necessary in order for the opinions expressed in this paragraph 3.4 to apply.

3.5 **Enforceability of the Addendum Netting Provision**

In relation to a Clearing Agreement which includes the Addendum Netting Provision, the Addendum Netting Provision will be immediately (and without fulfilment of any further conditions) enforceable in accordance with its terms so that, following (i) a CM Trigger Event or (ii) a CCP Default, the Parties would be entitled to receive or obliged to pay only the net sum of the positive and negative mark-to-market values of the relevant individual

Client Transactions that are terminated in accordance with the Clearing Agreement.

We are of this opinion because:

- 3.5.1 We believe that the contractual rights of termination and rescission set out in the Clearing Agreement which includes the Addendum Netting Provision would be immediately enforceable under Bahamian law in the event of (i) a CM Trigger Event or (ii) a CCP Default in respect of a Bahamian Company or Bahamian Partnership.

Insofar as it concerns Bahamian Companies:-

Section 236 of Companies (Winding Up Amendment) Act 2011 provides that:

- “(1) Subject to subsection (2), the property of the company shall be applied in satisfaction of its liabilities *pari passu* and subject thereto shall be distributed amongst the members according to their rights and interests in the company.
- (2) The collection in and application of the property of the company referred to in subsection (1) is without prejudice to and after taking into and giving effect to the rights of preferred and secured creditors and to any agreement between the company and any creditors that the claims of such creditors shall be subordinated or otherwise deferred to the claims of any other creditors and to any contractual rights of set-off or netting of claims between the company and any person or persons (including without limitation any bilateral or any multi-lateral set-off or netting arrangements between the company and any person or persons) and subject to any agreement between the company and any person or persons to waive or limit the same.”

The International Business Companies (Winding Up Amendment) Act, 2011 contains identical provisions; by virtue of section 89 of the International Business Companies (Winding Up Amendment) Act, 2011, the above-reproduced provisions apply *mutatis mutandis* to the winding up of companies incorporated or formed in this jurisdiction under the International Business Companies Act, 2000.

Further, there is no rule of the laws of this jurisdiction which would impose a moratorium or stay which would prevent, delay or otherwise affect the exercise of rights under the Addendum Netting Provisions.

No amendments to the Addendum Netting Provision are necessary in order for the opinions expressed in this paragraph 3.5 to apply.

3.6 Use of FOA Clearing Module or ISDA/FOA Clearing Addendum not detrimental to FOA Netting Provision

In relation to a Clearing Agreement, the opinions expressed at paragraph 3.3 above in relation to the FOA Netting Provision are not affected by the use of the FOA Clearing Module or the ISDA/FOA Clearing Addendum in conjunction with the FOA Netting Agreement. In a case where a Party, who would (but for the use of the FOA Clearing Agreement or the ISDA/FOA Clearing Agreement) be the Defaulting Party for the purposes of the FOA Netting Agreement, acts as Firm (as defined in the FOA Clearing Module) or Clearing Member (as defined in the ISDA/FOA Clearing Addendum), the question as to whether the FOA Netting Provision will, to the extent inconsistent with the Clearing Module Netting Provision or, as the case may be, the Addendum Netting Provision, be superseded by the Clearing Module Netting Provision or, as the case may be, the Addendum Netting Provision would be determined under the governing law of the Clearing Agreement.

3.7 Enforceability of the FOA Set-Off Provisions

3.7.1 In relation to an FOA Netting Agreement which includes the FOA Set-Off Provisions, the FOA Set-Off Provisions will be immediately (and without fulfilment of any further conditions) enforceable in accordance with their terms, so that following an Event of Default, the Non-Defaulting Party would be immediately entitled to exercise its rights under either or both of the FOA Set-Off Provisions, and in particular so that, upon the exercise of such rights:

(i) where the FOA Set-Off Provisions include the General Set-Off Clause:

(a) the value of any cash balance owed by the Non-Defaulting Party to the Defaulting Party would be set off against the Liquidation Amount (where such

liquidation amount is owed by the Defaulting Party);
or

- (b) the value of any cash balance owed by the Defaulting Party to the Non-Defaulting Party would be set off against the Liquidation Amount (where such liquidation amount is owed by the Non-Defaulting Party); or
- (ii) where the FOA Set-Off Provisions comprise the Margin Cash Set-Off Clause only, the value of any cash margin owed by the Firm to the Client would be set-off against the Liquidation Amount (where such Liquidation Amount is owed by the Client).

We are of this opinion because Bahamian law will enforce those provisions pursuant to Section 236 of the Companies (Winding Up Amendment) Act 2011.

No amendments to the FOA Set-Off Provisions are necessary in order for the opinions expressed in this paragraph 3.7.1 to apply.

3.7.2 In relation to a Clearing Agreement which includes the FOA Set-Off Provisions and the Clearing Module Set-Off Provision and/or the Addendum Set-Off Provision, the FOA Set-Off Provisions will be immediately (and without fulfilment of any further conditions) enforceable in accordance with their terms, so that following an Event of Default in respect of the Client, the Firm or, as the case may be, the Clearing Member would be immediately entitled to exercise its rights under either or both of the FOA Set-Off Provisions, and in particular so that, upon the exercise of such rights:

- (i) where the FOA Set-Off Provisions includes the General Set-Off Clause:
 - (a) the value of any cash balance owed by the Firm or, as the case may be, the Clearing Member to the Client would be set off against the Liquidation Amount (where such liquidation amount is owed by the Client); or
 - (b) the value of any cash balance owed by the Client to the Firm or, as the case may be, the Clearing Member

would be set off against the Liquidation Amount (where such liquidation amount is owed by the Firm or, as the case may be, the Clearing Member); or

- (ii) where the FOA Set-Off Provisions comprise the Margin Cash Set-Off Clause only, the value of any cash margin owed by the Firm or, as the case may be, the Clearing Member to the Client would be set-off against the Liquidation Amount (where such Liquidation Amount is owed by the Client).

We are of this opinion because Bahamian law will enforce those provisions pursuant to Section 236 of the Companies (Winding Up Amendment) Act 2011.

No amendments to the FOA Set-Off Provisions are necessary in order for the opinions expressed in this paragraph 3.7.2 to apply.

3.8 Set-Off under a Clearing Agreement with a Clearing Module Set-Off Provision

3.8.1 In relation to a Clearing Agreement which includes the Clearing Module Set-Off Provision (whether or not the FOA Set-Off Provisions is a Disapplied Set-Off Provision, insofar as constituting part of the Clearing Agreement), the Clearing Module Set-Off Provision will be immediately (and without fulfilment of any further conditions) enforceable in accordance with its terms so that the Firm would be immediately entitled to exercise its rights under the Clearing Module Set-Off Provision, and in particular, upon the exercise of such rights:

- (a) if the Client is a Defaulting Party, so that the value of any cash balance owed by the Firm to the Client would be set-off against any Liquidation Amount owed by the Client to the Firm; and
- (b) if there has been a Firm Trigger Event or a CCP Default, so that the value of any cash balance owed by one Party to the other would, insofar as not already brought into account as part of the Relevant Collateral Value, be set off against any Available Termination Amount owed by the Party entitled to receive the cash balance.

We are of this opinion because Bahamian law will enforce those provisions pursuant to Section 236 of the Companies (Winding Up Amendment) Act 2011.

- 3.8.2 In relation to a Clearing Agreement which includes the Clearing Module Set-Off Provision for which the FOA Set-Off Provision (insofar as constituting part of the FOA Netting Agreement) is not a Disapplied Set-Off Provision, the Clearing Module Set-Off Provision will be immediately (and without fulfilment of any further conditions) enforceable in accordance with its terms, as set out in paragraph 3.8.1 above; and the FOA Set-Off Provision will, to the extent that set-off is not already covered by the Clearing Module Set-Off Provision, be immediately (and without fulfilment of any further conditions) enforceable in accordance with its terms, as set out in paragraph 3.7.1 above.

No amendments to the Clearing Module Set-Off Provision are necessary in order for the opinions expressed in this paragraph 3.8 to apply.

3.9 Set-Off under a Clearing Agreement with an Addendum Set-Off Provision

In relation to a Clearing Agreement which includes the Addendum Set-Off Provision, the Addendum Set-Off Provision will be immediately (and without fulfilment of any further conditions) enforceable in accordance with its terms so that following (i) a CM Trigger Event (as defined in the ISDA/FOA Clearing Addendum) or (iii) a CCP Default (as defined in the ISDA/FOA Clearing Addendum):

- (a) in the case of a CM Trigger Event, the Client (as defined in the ISDA/FOA Clearing Addendum); or
- (b) in the case of a CCP Default, either Party (the "**Electing Party**").

would be immediately entitled to exercise its rights under the Addendum Set-Off Provision, and in particular so that, upon the exercise of such rights, in the case of a CM Trigger Event, any Available Termination Amount would be reduced by its set-off against any cash balance which constitutes a termination amount payable by (or to) the Party which is owed (or owes) the Available Termination Amount, insofar as not already brought into account as part of the Relevant Collateral Value.

We are of this opinion because Bahamian law will enforce those provisions pursuant to Section 236 of the Companies (Winding Up Amendment) Act 2011.

No amendments to the Addendum Set-Off Provision are necessary in order for the opinions expressed in this paragraph 3.9 to apply.

3.10 Enforceability of the Title Transfer Provisions

3.10.1 In relation to an FOA Netting Agreement (with Title Transfer Provisions) and in relation to a Clearing Agreement which includes the Title Transfer Provisions where the Client is a Defaulting Party, following the specification or deemed occurrence of a Liquidation Date, the Non-Defaulting Party would be immediately (and without fulfilment of any further condition) entitled to exercise its rights under the Title Transfer Provisions, so that the Default Margin Amount (as calculated pursuant to the terms of the Title Transfer Provisions) shall be taken into account for the purposes of calculating the Liquidation Amount pursuant to the FOA Netting Provision.

3.10.2 In relation to a Clearing Agreement which includes the Title Transfer Provisions, and in the case of a Firm Trigger Event, a CM Trigger Event, or a CCP Default, the value of the Transferred Margin would be taken into account as part of the Relevant Collateral Value.

3.10.3 The courts of this jurisdiction would not recharacterise Transfers of Margin under the Title Transfer Provisions of an FOA Netting Agreement (with Title Transfer Provisions) or, as the case may be, a Clearing Agreement which includes the Title Transfer Provisions as creating a security interest.

3.10.4 A Party shall be entitled to use or invest for its own benefit, as outright owner and without restriction, any Margin Transferred to it pursuant to the Title Transfer Provisions of an FOA Netting Agreement (with Title Transfer Provisions) or, as the case may be, a Clearing Agreement which includes the Title Transfer Provisions.

We are of this opinion because: Bahamian law will recognize the rights of the Parties to contract and will not interfere with the Parties' intention to effect transfer of any Margin Transferred

pursuant to the Title Transfer Provisions of an FOA Netting Agreement (with Title Transfer Provisions) or as the case may be, a Clearing Agreement which includes Title Transfer Provisions.

3.11 Use of security interest margin not detrimental to Title Transfer Provisions

In relation to an FOA Netting Agreement (with Title Transfer Provisions) and in relation to a Clearing Agreement which includes the Title Transfer Provisions, the opinions expressed above in paragraph 3.10 (*Enforceability of the Title Transfer Provisions*) in relation to the Title Transfer Provisions are not affected by the use also in the same agreement of the Non-Cash Security Interest Provisions (used with or without the Rehypothecation Clause) and/or the Client Money Additional Security Clause, provided always that:

- (i) a provision in the form of, or with equivalent effect to, Clauses 4.3 and/or 4.4 of the FOA Clearing Module is used or the agreement otherwise unambiguously specifies the circumstances in which the security interest provisions or the Title Transfer Provisions apply in respect of any given item of margin so that it is not possible for both the security interest provisions and the Title Transfer Provisions to apply simultaneously to the same item of margin; and
- (ii) the pool of margin subject to a security interest and the pool of margin subject to the Title Transfer Provisions are operationally segregated.

No amendments to the Title Transfer Provisions are necessary in order for the opinions expressed in this paragraph 3.11 to apply.

3.12 Single Agreement

Under the laws of this jurisdiction it is necessary that the Transactions and the FOA Netting Agreement or, as the case may be, the Clearing Agreement are part of a single agreement in order for the termination and liquidation under the FOA Netting Provision, the Clearing Module Netting Provision or the Addendum Netting Provision to be enforceable. In our view, the FOA Netting Agreement or, as the case may be, the Clearing Agreement, and Transactions are part of a single agreement.

3.13 Automatic Termination

It is not necessary for the Parties to agree to an automatic, rather than an optional, termination and liquidation under the FOA Netting Provision, the Clearing Module Netting Provision and/or the Addendum Netting Provision to ensure the effectiveness of netting under the FOA Netting Agreement or, as the case may be, the Clearing Agreement in the event of bankruptcy, liquidation, or other similar circumstances.

3.14 Multibranch Parties

We do not consider that the use of the FOA Netting Agreement or, as the case may be, the Clearing Agreement by a party with branches in a number of different jurisdictions, including some where netting may not be enforceable would jeopardise the enforceability of the FOA Netting Provision, the Clearing Module Netting Provision, the Addendum Netting Provision, the FOA Set-Off Provision, the Clearing Module Set-Off Provision, the Addendum Set-Off Provision or the Title Transfer Provisions in so far as the laws of this jurisdiction are concerned. In particular, there is no danger that an Insolvency Representative of a defaulting party could treat the obligations in respect of Transactions entered into in this jurisdiction separately from other obligations arising under the FOA Netting Agreement or, as the case may be, the Clearing Agreement or other Transactions.

3.15 Insolvency of Foreign Parties

Where a Party is incorporated or formed under the laws of another jurisdiction and an Event of Default or a Firm Trigger Event or, as the case may be, a CM Trigger Event occurs in respect of such Party (a "**Foreign Defaulting Party**") there can be no separate Insolvency Proceedings in this jurisdiction in relation to the Foreign Defaulting Party and the authorities in this jurisdiction would defer to the proceedings in the Foreign Defaulting Party's home jurisdiction.

However, it should be noted that a Bahamian court has jurisdiction and may exercise the discretion to hear Insolvency Proceedings for a foreign Defaulting Party in separate proceedings if the foreign Defaulting Party has a branch located in The Bahamas that is registered as a foreign company under the CA (the "**Bahamian branch**"). Local creditors could petition the court for separate Insolvency Proceedings for a Bahamian branch. Unfortunately, there are no exact rules for determining if a Bahamian court would defer to the proceedings of the foreign Defaulting Party's home

jurisdiction so that the assets and liabilities of the Bahamian branch would be handled as a part of the proceeding for the foreign Defaulting Party in its home jurisdiction. The court will exercise its discretion based on the circumstances of each case. We are of the view that it is likely that a Bahamian court would defer to the proceedings of the foreign Defaulting Party's home jurisdiction

3.16 **Special legal provisions for market contracts**

There are no special provisions of law which would affect the opinions given in this paragraph 3 which would apply to a Transaction between two Parties as a result of the fact that such Transaction was entered into on, or is back to back with a Transaction entered into on an exchange (in this or another jurisdiction), or is to be cleared at, or is "back-to-back" with a Transaction to be cleared at a central counterparty.

4. **QUALIFICATIONS**

The opinions in this opinion letter are subject to the following qualifications.

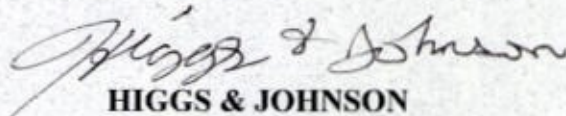

- 4.1 We have reservations as to the ability of a party to obtain a judgment for payment of interest at default rates (as against prescribed court rates) after the handing down of a judgment of a court in The Bahamas.
- 4.2 In certain circumstances, provisions in the Agreement that (i) the election of a particular remedy does not preclude recourse to one or more others (for example, where the exercise of two or more remedies would result in double recovery), or (ii) delay or failure to exercise a right or remedy will not operate as a waiver of any such right or remedy (under the laws of The Bahamas waiver is a question of fact), may not be enforceable.
- 4.3 Currency indemnity provisions, so far as we are aware, have not been tested in The Bahamas courts and it is possible that they may not be effective in all circumstances.
- 4.4 The Agreement may be held to be invalid or not binding in the event of any misrepresentation, illegality, fraud, duress, undue influence, mistake of fact or analogous common law doctrines.
- 4.5 Transactions made: (i) at an "undervalue"; (ii) which are a "voidable preferences"; or (iii) with "an intent to defraud" and "at an undervalue" are voidable at the instance of creditor prejudiced or a liquidator pursuant to Sections 241 and 242 of the Companies (Winding Up Amendment) Act, 2011 and Section 4 of the Fraudulent Dispositions Act, 1991. Although we

are unaware of Bahamian judicial authority on the point we are of the view that transactions made in good faith in the ordinary course of business are not made at undervalue and will not constitute a voidable preference.

There are no other material issues relevant to the issues addressed in this opinion which we wish to draw to your attention.

This opinion is given for the sole benefit of the Futures and Options Association and FOA Members. This opinion may not be relied upon by any other person unless we otherwise specifically agree with that person in writing, although we consent to it being shown to such Futures and Options Association members' affiliates (being members of such persons' groups, as defined by the UK Financial Services and Markets Act 2000) and to any competent authority supervising such member firms and their affiliates in connection with their compliance with their obligations under prudential regulation.

Yours faithfully,

SCHEDULE 1

Exempted Limited Partnerships

Subject to the modifications and additions (if any) set out in this Schedule 1, the opinions, assumptions and qualifications set out in this opinion letter will also apply in respect of Parties which are Exempted Limited Partnerships. For the purposes of this Schedule 1 "Exempted Limited Partnerships" means an exempted limited partnerships organized under the Exempted Limited Partnership Act, 1995 (a "Bahamian partnership").

Except where the context otherwise requires, references in this Schedule to "*paragraph*" are to paragraphs in the opinion letter (but not to its Annexes or Schedules) and references to "*sections*" are to sections of this Schedule.

MODIFICATIONS TO TERMS OF REFERENCE AND DEFINITIONS

Paragraph 1.6.2 is bolstered by the following:

"Insolvency Proceedings" means the procedures listed in section 2.1 of Schedule 1 Exempted Limited Partnerships".

1. ADDITIONAL ASSUMPTIONS

We assume the following in the case of a Bahamian Limited Partnership:

- (i) the Bahamian Limited Partnership consists of at least one general partner which is a company incorporated under the laws of The Bahamas and that such general partner is the only partner conducting the business of the partnership. *[Note: failure to have such a general partner will cause the immediate dissolution of the partnership];*
- (ii) the Bahamian Limited Partnership does not undertake business with the public in The Bahamas;
- (iii) all property vested in the Bahamian Limited Partnership is the property of that Bahamian Limited Partnership;
- (iv) there is nothing under the laws of the jurisdiction in which each partner of an Bahamian Limited Partnership is established (other than Bahamian law) which would affect anything contained in this opinion letter;

- (v) A general partner which is a company formed under the International Business Companies Act 2000 conducts its operations exclusively overseas;
- (vi) A general partner which is a company formed under the Companies Act 1992 has obtained either: (1) specific approval from the Exchange Control Department of the Central Bank of The Bahamas to enter into the Agreement and the Transactions thereunder; or (2) designation as a non-resident for exchange control purposes from the Exchange Control Department of the Central Bank of The Bahamas.

2. **MODIFICATIONS TO OPINIONS**

On the basis of the terms of reference and assumptions and subject to the qualifications (in each case set out in this opinion letter as modified, or added to, by this Schedule), we are of the following opinion.

2.1 **Insolvency Proceedings: Exempted Limited Partnerships**

The only bankruptcy, composition, rehabilitation or other insolvency or reorganisation procedures to which a Party which is an Exempted Limited Partnership could be subject under the laws of this jurisdiction, and which are relevant for the purposes of this opinion letter, are as follows:

The only bankruptcy, composition, rehabilitation (e.g. liquidation, administration, receivership or voluntary arrangement) or other insolvency laws and procedures to which an Exempted Limited Partnership would be subject in this jurisdiction are the following:

Voluntary dissolution of a Bahamian Partnership; and

Involuntary Dissolution of a Bahamian Partnership.

The legislation applicable to Insolvency Proceedings is in relation to Bahamian Partnerships and Bahamian Companies

The Fraudulent Dispositions Act, 1991 is also relevant in respect of Bahamian Partnerships.

2.2 **Opinions**

With respect to Bahamian Partnerships, we believe that the contractual rights of termination and rescission set out in the FOA Netting Agreement

or the Clearing Agreement would be similarly enforceable to Bahamian Companies.

Additional Considerations in relation to Bahamian Partnerships

We wish to make the following additional observations vis-à-vis Bahamian Partnerships respecting the foregoing:

(i) *Solvent Partnership, Insolvent general partner*

If the Bahamian Partnership is solvent but the general partner, being a company incorporated in The Bahamas, is in winding up proceedings, we believe that set off would be effective and there should be no basis on which it could be challenged simply as a result of the existence of winding up proceedings in respect of the general partner. We believe that the insolvency rules applicable to Companies (in particular the requirement for *pari passu* distribution of assets) should not affect the outcome because the Bahamian Partnership assets held by the general partner are not available to the general partner's general creditors. Furthermore, even if the Bahamian Partnership assets were required to be distributed on a *pari passu* basis to the Bahamian Partnership's creditors, the Bahamian Partnership is solvent and so all Bahamian Partnership creditors can be paid in full (even if the general partner's general creditors cannot). We believe the same result should apply if orders were sought from the court under the Exempted Limited Partnership Act.

(ii) *Insolvent Partnership, Insolvent general partner*

If the Bahamian Partnership is insolvent and the general partner is in winding up proceedings, then whilst the above analysis would still be applicable in relation to the general partner's general creditors, the general partner would also be liable to Bahamian Partnership creditors and hold assets which are insufficient to meet such claims. In the absence of any insolvency rules applicable to Bahamian Partnerships, we believe it is likely that if the matter came before a Bahamian court, either because orders are sought under the Exempted Limited Partnership Act or because it is considered as a separate distribution scheme of the Bahamian Partnership assets in the winding up proceedings relating to the general partner, the court would apply a *pari passu* basis of distribution (they may do this by analogy with the position under the company law or simply because it is a just and equitable basis to proceed). If a *pari passu* rule is applied then, although there is no local authority on the point, we believe that a court would also allow set off as an exception – either because it is provided by the company law or because it is just and equitable.

We consider that mutuality is a general requirement for set off under Bahamian law and although this could raise the question whether set off, in the context of an insolvent Bahamian Partnership is restricted by the absence of mutuality, we do not believe that this is in fact the case. The absence of mutuality arises, if at all, because the general partner is personally liable for Bahamian Partnership obligations but, in relation to an exempted limited partnership, the general partner holds the assets on trust for the Bahamian Partnership. Whilst the necessary mutuality exists in a general sense because they are liabilities and assets of the Bahamian Partnership, the asset and liability would not necessarily be wholly beneficially owned by or wholly the liability of the general partner.

Having accepted that a *pari passu* rule, with a set off qualification, applies in circumstances where Bahamian Partnership assets are to be applied to meet claims of the Bahamian Partnership's creditors, it would produce an unfair and unexpected result if it was not also accepted that mutuality exists in the broad sense that Bahamian Partnership assets are being used to satisfy Bahamian Partnership liabilities. We believe that the fact that a Bahamian Partnership is insolvent and that the general partner is in winding up should not affect the enforceability of the set off (either because there are no insolvency proceedings which apply that are capable of displacing the otherwise effective contractual set off or, if there are insolvency proceedings, they recognize the contractual set off and mutuality is not an issue). Although there is no Bahamian authority on point there is English authority with respect to general partnerships to the effect that ordinarily personal claims or personal liabilities of a partner cannot be set off against partnership liabilities and assets.

(iii) *Insolvent Partnership, Solvent general partner*

If the Bahamian Partnership is insolvent but the general partner is solvent and not in winding up proceedings we believe that the position would be the same as that discussed above. As the general partner is not in winding up there are no insolvency proceedings as such other than as a result of orders being sought under the Exempted Limited Partnership Act.

SCHEDULE 2

Segregated Accounts Companies

Subject to the modifications and additions (if any) set out in this Schedule 2, the opinions, assumptions and qualifications set out in this opinion letter will also apply in respect of Parties which are Segregated Accounts Companies. For the purposes of this Schedule 2, "Segregated Accounts Companies " means a segregated accounts company organized pursuant to the Segregated Accounts Companies (an "SAC").

Except where the context otherwise requires, references in this Schedule to "*paragraph*" are to paragraphs in the opinion letter (but not to its Annexes or Schedules) and references to "*sections*" are to sections of this Schedule.

MODIFICATIONS TO TERMS OF REFERENCE AND DEFINITIONS

Paragraph 1.6.2 is bolstered by the following:

"Insolvency Proceedings" means the procedures listed in section 2.1 of Schedule 2 Segregated Accounts Companies ".

1. ADDITIONAL ASSUMPTIONS

There are no additional assumptions with respect to SACs.

2. MODIFICATIONS TO OPINIONS

On the basis of the terms of reference and assumptions and subject to the qualifications (in each case set out in this opinion letter as modified, or added to, by this Schedule), we are of the following opinion.

2.1 Insolvency Proceedings: SACs

The only bankruptcy, composition, rehabilitation or other insolvency or reorganisation procedures to which a Party which is a SAC could be subject under the laws of this jurisdiction, and which are relevant for the purposes of this opinion letter, are those set out in Paragraph 3.1 of the Opinion and as follows:

Relevant legislation

In relation to SACs the CA and Segregated Accounts Companies Act, 2004.

A company incorporated under the CA or the IBCA can register as a segregated accounts company. In order for any contractual liability or asset to be binding on or enure to the benefit of a segregated account under any agreement, that liability or asset must be contracted for by the segregated accounts company on behalf of the relevant segregated account and any contract, agreement or instrument must identify the relevant segregated account to which such asset or liability relates. Under the CA and the IBCA, assets of a segregated account may only be used to meet liabilities attributable to that segregated account and are not available to meet liabilities attributable to any other segregated pools of assets, notwithstanding that the segregated accounts are simply segregated pools of assets and liabilities of the same entity. The segregated accounts themselves do not constitute separate legal entities. As a result of these provisions, we believe that it is not possible to provide for set-off, both pre and post insolvency, of a liability attributable to one segregated account against an asset attributable to another or for assets of one segregated account to be used to secure the liabilities of another segregated account, notwithstanding that the liability and asset are the liability and asset of the same legal entity (i.e. the segregated accounts company). This is because were such set off or grant of security permitted; the result would be that the assets of one segregated account would be used to meet the liabilities of another which is prohibited under the Segregated Accounts Companies Act, 2004. This would not however prevent, (a) a counterparty from taking and enforcing security from a segregated accounts company, or enforcing contractual rights of set off with respect to a segregated accounts company, in relation to the obligations of a specified segregated account to such counterparty or the liabilities of the counterparty to such segregated account, as if each such segregated account were an individual counterparty and a separate legal entity nor (b) the assets of a segregated account being used, for example, to secure a guarantee given by that segregated account of the obligations of another segregated account (although with respect to a company incorporated under the CA the usual questions relating to corporate benefit will be relevant). Particular issues also arise in relation to the winding up of a segregated accounts company and in relation to the receivership of a segregated account. Accordingly, whilst the principles considered in this opinion apply to a segregated account company in the same way as any other company incorporated under the CA and the IBCA, these additional considerations should be taken into account.

2.2 Insolvency of a SAC

The main provisions of the Segregated Accounts Act relating to insolvency are as follows:

2.2.1 Section 31(2) – A segregated accounts company may, with the consent in writing of all account owners of, and counterparties who are creditors with claims linked to, a given segregated account, transfer to the general account or another segregated account, an asset from the segregated account to which it is linked, if the segregated account to which such asset is linked, taking into account the proposed transfer, remains solvent, and, in the event a transfer is made to the general account or another segregated account in breach of this subsection, on an application by an affected party, the court may declare that the transfer is void, without prejudice to the rights of bona fide purchasers for value without notice.

2.2.2 Section 31(3) – Any assets transferred in accordance with section 31(2), shall cease to be linked to the segregated account from which they were transferred on the date of the transfer.

2.2.3 Section 31(4) – Subject to the terms of the governing instrument relating to a given segregated account, on dissolution of the company or termination of the segregated account and after paying creditors of the segregated account, any property linked to that segregated account shall be paid pro rata to the account owners of such segregated accounts, or if there are no account owners, shall be deemed to fall into the general account.

2.2.4 Section 31(5) – Without prejudice to the rights of parties to resolve disputes by reference to arbitration or to the court, where-

- (i) there is, on grounds that are reasonable, uncertainty as to whether any given interest in a segregated account is an interest of a counterparty or an interest of an account owner, that interest shall be deemed to be an interest of a counterparty; and
- (ii) a given liability is not linked to a particular segregated account, or where there is, on grounds that are reasonable, uncertainty as to whether the liability is linked to a segregated account, that liability shall be deemed to be the liability of the general account.

2.2.5 Under section 38 of the Segregated Accounts Act a court may appoint a receiver in respect of a particular segregated account where a liquidation has been commenced in respect

of a company or a receiver is appointed in respect of one or more segregated accounts for the orderly management, sale, rehabilitation, run off or termination of the business of, or attributable to the segregated account or the distribution of assets linked to the segregated account to those entitled thereto the appointment of a receiver does not act as a stay of execution against a counterparty with a valid security interest over the segregated account and such counterparty may enforce his security interest in accordance with its terms subject to applicable law.

2.2.6

It should be noted that under the legislation applicable to Insolvency Proceedings there are no automatic or statutory stays on contractual rights. The courts are, however, possessed of a discretion to grant judicial stays i.e. injunctions, but, it is unlikely that any such stay would be granted as they are typically made only:

- (i) Where the court considers it necessary to preserve the status quo until the rights of parties have been determined in an action;
- (ii) Where the plaintiff has established that he has a good arguable claim to the right he seeks to protect; and
- (iii) If the plaintiff satisfies the tests in (a) and (b) above, the grant or refusal of the stay is a matter for the exercise of the courts' discretion on the balance of convenience. The factors relevant to the exercise of the discretion include the following:-
 - (a) a determination as to whether damages would be a sufficient remedy, and if so, a stay ought not to be granted; and
 - (b) to consider whether more harm will be done by granting the stay or refusing it.

ANNEX 4

PART 1
CORE PROVISIONS

For the purposes of the definition of Core Provisions in Annex 3, the wording highlighted in yellow below shall constitute the relevant Core Provision:

1. FOA Netting Provision:

- a) **"Liquidation date:** Subject to the following sub-clause, at any time following the occurrence of an Event of Default in relation to a party, then the other party (the **"Non-Defaulting Party"**) may, by notice to the party in default (the **"Defaulting Party"**), specify a date (the **"Liquidation Date"**) for the termination and liquidation of Netting Transactions in accordance with this clause.
- b) **Calculation of Liquidation Amount:** Upon the occurrence of a Liquidation Date:
 - i. neither party shall be obliged to make any further payments or deliveries under any Netting Transactions which would, but for this clause, have fallen due for performance on or after the Liquidation Date and such obligations shall be satisfied by settlement (whether by payment, set-off or otherwise) of the Liquidation Amount;
 - ii. the Non-Defaulting Party shall as soon as reasonably practicable determine (discounting if appropriate), in respect of each Netting Transaction referred to in paragraph (a), the total cost, loss or, as the case may be, gain, in each case expressed in the Base Currency specified by the Non-Defaulting Party as such in the Individually Agreed Terms Schedule as a result of the termination, pursuant to this Agreement, of each payment or delivery which would otherwise have been required to be made under such Netting Transaction; and
 - iii. the Non-Defaulting Party shall treat each such cost or loss to it as a positive amount and each such gain by it as a negative amount and aggregate all such amounts to produce a single, net positive or negative amount, denominated in the Non-Defaulting Party's Base Currency (the **"Liquidation Amount"**).

- c) **Payer:** If the Liquidation Amount is a positive amount, the Defaulting Party shall pay it to the Non-Defaulting Party and if it is a negative amount, the Non-Defaulting Party shall pay it to the Defaulting Party. The Non-Defaulting Party shall notify the Defaulting Party of the Liquidation Amount, and by which Party it is payable, immediately after the calculation of such amount."

2. General Set-Off Clause:

"Set-off: Without prejudice to any other rights to which we may be entitled, we may at any time and without notice to you set off any amount (whether actual or contingent, present or future) owed by you to us against any amount (whether actual or contingent, present or future) owed by us to you. For these purposes, we may ascribe a commercially reasonable value to any amount which is contingent or which for any other reason is unascertained."

3. Margin Cash Set-Off Clause:

"Set-off upon default or termination: If there is an Event of Default or this Agreement terminates, we may set off the balance of cash margin owed by us to you against your Obligations (as reasonably valued by us) as they become due and payable to us and we shall be obliged to pay to you (or entitled to claim from you, as appropriate) only the net balance after all Obligations have been taken into account. [The net amount, if any, payable between us following such set-off, shall take into account the Liquidation Amount payable under the Netting Module of this Agreement.]"

4. Insolvency Events of Default Clause:

- a) In the case of a Counterparty that is not a natural person:

"The following shall constitute Events of Default:

- i. a party fails to make any payment when due under or to make delivery of any property when due under, or to observe or perform any other provision of this Agreement, [and such failure continues for [one/two] Business Day[s] after notice of non-performance has been given by the Non-Defaulting Party to the Defaulting Party];
- ii. a party commences a voluntary case or other procedure seeking or proposing liquidation, reorganisation, moratorium, or other similar relief with respect to itself or to its debts under any bankruptcy, insolvency, regulatory, or similar law

- iii. an involuntary case or other procedure is commenced against a party seeking or proposing liquidation, reorganisation, or moratorium, or other similar relief with respect to it or its debts under any bankruptcy, insolvency, regulatory, or similar law or seeking the appointment of a Custodian of it or any substantial part of its assets."

- b) In the case of a Counterparty that is a natural person:

"The following shall constitute Events of Default:

- i. a party fails to make any payment when due under or to make delivery of any property when due under, or to observe or perform any other provision of this Agreement, [and such failure continues for [one/two] Business Day[s] after notice of non-performance has been given by the Non-Defaulting Party to the Defaulting Party];
- ii. you die, become of unsound mind, are unable to pay your debts as they fall due or are bankrupt or insolvent, as defined under any bankruptcy or insolvency law applicable to you; or any indebtedness of yours is not paid on the due date therefore, or becomes capable at any time of being declared, due and payable under agreements or instruments evidencing such indebtedness before it would otherwise have been due and payable, or any suit, action or other proceedings relating to this Agreement are commenced for any execution, any attachment or garnishment, or distress against, or an encumbrancer takes possession of, the whole or any part of your property, undertaking or assets (tangible and intangible)."

5. Title Transfer Provisions:

- a) "**Default:** If a Liquidation Date is specified or deemed to occur as a result of an Event of Default, the Default Margin Amount as at that date will be deemed to be [a gain (if we are the Non-Defaulting Party) or a cost (if you are the Non-Defaulting Party)] [a gain by us] for the

purposes of calculating the Liquidation Amount. For this purpose, "Default Margin Amount" means the amount, calculated in the Base Currency of the aggregate value as at the relevant Liquidation Date (as determined by us) of the Transferred Margin.

- b) **Clean title:** Each party agrees that all right, title and interest in and to any Acceptable Margin, Equivalent Margin, Equivalent Dividends or Interest which it Transfers to the other party shall vest in the recipient free and clear of any security interest, lien, claims, charges, encumbrance or other restriction. Notwithstanding the use of terms such as "Margin" which are used to reflect terminology used in the market for such transactions, nothing in these provisions is intended to create or does create in favour of either party a mortgage, charge, lien, pledge, encumbrance or other security interest in any Acceptable Margin, Equivalent Margin, Equivalent Dividends or Interest Transferred hereunder."

2. the value of each such terminated Client Transaction for the purposes of calculating the applicable Cleared Set Termination Amount and Aggregate Transaction Values will be equal to the relevant [Firm/CM]/CCP Transaction Value or relevant part thereof;
3. the applicable Cleared Set Termination Amount will be determined by [Firm/Clearing Member] on, or as soon as reasonably practicable after, (x) if there were no outstanding Client Transactions immediately prior to the occurrence of a CCP Default, the date on which the CCP Default occurred, or (y) if there were outstanding Client Transactions immediately prior to the occurrence of a CCP Default, the day on which the relevant Client Transactions had all been terminated and,

in either case, will be an amount equal to the sum, but without duplication, of (1) the Aggregate Transaction Value, (2) any amount which became payable, or which would have become payable but for a condition precedent not being satisfied, in respect of any such Client Transaction on or prior to the termination of such transactions but which remains unpaid at the time of such termination, together with interest on such amount in the same currency as such amount for the period from, and including, the original due date for payment to, but excluding, the date of termination, if applicable (expressed as a positive amount if such unpaid amount is due from [Firm/Clearing Member] to Client and as a negative amount if such unpaid amount is due from Client to [Firm/Clearing Member]), (3) an amount [(which may be zero)] equal to the Relevant Collateral Value in respect of the relevant Client Transactions and (4) any other amount attributable to the relevant Client Transactions under the Clearing Agreement[and any related Collateral Agreement], pro-rated where necessary if such amount can be partially [attributable] to transactions other than the relevant Client Transactions, which was payable but unpaid at the time of termination and is not otherwise included in [Clauses 5.3.3(1) to 5.3.3(3)] [Sections 8(c)(iii)(1) to 8(c)(iii)(3)], together with interest on such amount in the same currency as such amount for the period from, and including, the original due date for payment to, but excluding, the date of termination, if applicable (expressed as a positive amount if such unpaid amount is due from [Firm/Clearing Member] to Client and as a negative amount if such unpaid amount is due from Client to [Firm/Clearing member]);

4. if a Cleared Set Termination Amount is a positive number, it will be due from [Firm/Clearing Member] to Client and if a Cleared Set Termination Amount is a negative number, the absolute value of the Cleared Set Termination Amount will be due from Client to [Firm/Clearing Member], and in each case will be payable, in accordance with this [Module/Addendum].

c) Hierarchy of Events

[If Client Transactions are capable of being terminated pursuant to more than one [Clause/Section], then the [clause/section] in respect of which a party first exercises any right to terminate Client

Transactions (or, the [clause/section] pursuant to which Client Transactions are otherwise terminated, if earlier) will prevail for the purposes of the relevant Client Transactions.]

Or

[If Client Transactions are capable of being terminated pursuant to more than one [Clause/Section], then the [clause/section] in respect of which a party first exercises any right to terminate Client Transactions (or, the [clause/section] pursuant to which Client Transactions are otherwise terminated, if earlier) will prevail for the purposes of the relevant Client Transactions.]

[If Client Transactions are capable of being terminated pursuant to more than one [Clause/Section], then the [clause/section] in respect of which a party first exercises any right to terminate Client Transactions (or, the clause pursuant to which Client Transactions are otherwise terminated, if earlier) will prevail for the purposes of the relevant Client Transactions.]

d) Definitions

"Aggregate Transaction Value" means, in respect of the termination of Client Transactions of a Cleared Transaction Set, an amount (which may be positive or negative or zero) equal to the aggregate of the [Firm/CM]/CCP Transaction Values for all Client Transactions in the relevant Cleared Transaction Set or, if there is just one [Firm/CM]/CCP Transaction Value in respect of all such Client Transactions, an amount (which may be positive or negative or zero) equal to such [Firm/CM]/CCP Transaction Value.

"[Firm/CM]/CCP Transaction Value" means, in respect of a terminated Client Transaction or a group of terminated Client Transactions, an amount equal to the value that is determined in respect of or otherwise ascribed to the related [Firm/CM]/CCP Transaction or group of related [Firm/CM]/CCP Transactions in accordance with the relevant Rule Set following a [Firm/CM] Trigger Event or CCP Default (to the extent such Rule Set contemplates such a value in the relevant circumstance). If the value determined in respect of or otherwise ascribed to the related [Firm/CM]/CCP Transaction(s) under the relevant Rule Set reflects a positive value for [Firm/Clearing Member] vis-à-vis the Agreed CCP,

the value determined in respect of such terminated Client Transaction(s) will reflect a positive value for Client vis-à-vis [Firm/Clearing Member] (and will constitute a positive amount for any determination under this [Module/Addendum]) and, if the value determined in respect of the related terminated [Firm/CCP]/CCP Transaction(s), under the relevant Rule Set reflects a positive value for the relevant Agreed CCP vis-à-vis [Firm/Clearing Member], the value determined in respect of [or otherwise ascribed to] such terminated Client Transaction(s) will reflect a positive value for [Firm/Clearing Member] vis-à-vis Client (and will constitute a negative amount for any determination under this [Module/Addendum]). The value determined in respect of or otherwise ascribed to the related [Firm/CM]/CCP Transaction(s) under the relevant Rule Set may be equal to zero.

"Relevant Collateral Value" means, in respect of the termination of Client Transactions in a Cleared Transaction Set, the value (without applying any "haircut" but otherwise as determined in accordance with the [Agreement/Collateral Agreement]) of all collateral that:

is attributable to such Client Transactions;

has been transferred by one party to the other in accordance with the [Agreement/Collateral Agreement or pursuant to Section 10(b)] and has not been returned at the time of such termination or otherwise applied or reduced in accordance with the terms of the [Agreement/relevant Collateral Agreement]; and

is not beneficially owned by, or subject to any encumbrances or any other interest of, the transferring party or of any third person.

The Relevant Collateral Value will constitute a positive amount if the relevant collateral has been transferred by Client to [Firm/Clearing Member] and it or equivalent collateral has not been returned at the time of termination or otherwise applied or reduced in accordance with the terms of the [Agreement/Collateral Agreement] and a negative amount if the relevant collateral has been transferred by [Firm/Clearing Member] to Client and it or equivalent collateral has not been returned at the time of termination or otherwise applied or reduced in accordance with the terms of the [Agreement/Collateral Agreement].

7. Clearing Module Set-Off Provision

Firm may at any time and without notice to Client, set-off any Available Termination Amount against any amount (whether actual or contingent, present or future) owed by Firm to Client under the Clearing Agreement or otherwise. For these purposes, Firm may ascribe a commercially reasonable value to any amount which is contingent or which for any other reason is unascertained.

This Clause shall apply to the exclusion of all Disapplied Set-off Provisions in so far as they relate to Client Transactions; provided that, nothing in this Clause shall prejudice or affect such Disapplied Set-off Provisions in so far as they relate to transactions other than Client Transactions under the Agreement.

8. Addendum Set-Off Provision

- (i) Any Available Termination Amount will, at the option of (A) Client, in the case of an Available Termination Amount due in respect of a CM Trigger Event and without prior notice to Clearing Member, be reduced by its set-off against any other termination amount payable by Clearing Member to Client under the Clearing Agreement at such time ("**CM Other Amounts**"), or (B) either party, in the case of an Available Termination Amount due in respect of a CCP Default, and without prior notice to the other party, be reduced by its set-off against any other termination amount payable by or to X (where "X" means, in the case of Section 8(i)(A), Client or, in the case of Section 8(i)(B), the party electing to set off) under the Clearing Agreement at such time ("**EP Other Amounts**" and together with CM Other Amounts, "**Other Amounts**"), provided that in the case of Section 8(i)(A) or Section 8(i)(B), at the time at which X elects to set off, where Clearing Member is X, a CM Trigger Event has not occurred and is not continuing or, where Client is X, an event of default, termination event or other similar event, howsoever described, in respect of Client in the Agreement, has not occurred and is not continuing. To the extent that any Other Amounts are so set off, those Other Amounts will be discharged promptly and in all respects. X will give notice to the other party promptly after effecting any set-off under Section 8(i)(A) or Section 8(i)(B).
- (ii) For the purposes of this Section 8(ii):
 - (A) all or part of the Available Termination Amount or the Other Amounts (or the relevant portion of such amounts) may be

converted by X into the currency in which the other amount is denominated at the rate of exchange at which such party would be able, in good faith and using commercially reasonable procedures, to purchase the relevant amount of such currency;

(B) if any Other Amounts are unascertained, X may in good faith estimate such Other Amounts and set off in respect of the estimate, subject to the relevant party accounting to the other when such Other Amounts are ascertained; and

(C) a "termination amount" may, for the avoidance of doubt, be another Cleared Set Termination Amount or another termination amount due under the Agreement including, in either case, any such amount that has previously been reduced in part by set-off pursuant to this Section 8(e).

(iii) Nothing in this Section 8(e) will be effective to create a charge or other security interest. This Section 8(e) will be without prejudice and in addition to any right of set-off, offset, combination of accounts, lien, right of retention or withholding or similar right or requirement to which Client or Clearing Member is at any time otherwise entitled or subject (whether by operation of law, contract or otherwise), provided that, notwithstanding anything to the contrary in the Clearing Agreement or any related Collateral Agreement, no party may exercise any rights of set-off in respect of Excluded Termination Amounts.
